

INTERDISCIPLINARY STUDIES (IDS)

IDS 105 Foundations for Adult Learning - 3 Units

A focus on the knowledge, skills, attitudes, and values required to maximize the benefit of education for adults. Concepts include the basic principles of adult development, learning approaches, personality, and work/life management. The ideas of Christian liberal arts education, learning in community, and lifelong learning as spiritual journey are explored. Various assessments and self-exploration tools are used to aid goal-setting, writing placement, and advising. Delivery mode: Wisconsin Prison Initiative.

IDS 290 Critical Topics in the 21st Century - 3 Units

Students will explore one or more issues that have significant bearing on the world today, identifying contributing factors, applying biblical principles, discussing implications, and reaching informed conclusions. Class topics may include but are not limited to poverty, climate change, social justice, technology, healthcare, education, the arts and immigration. Delivery mode: online, Wisconsin Prison Initiative.
